## PINP Crack Free [32/64bit]

PinP is a web-based presentation editor that supports editing HTML5 and CSS3-powered slides and adding new ones. It features a local HTML5 presentation viewer with built-in editor and Internet browser. PinP allows you to open any file and view it online, or download it. You can also edit the text, insert images and play animations on the slide. The program enables you to: View presentations online or download them Present slides online or edit them Insert text, images and animations Upload presentations to the cloud or download them Connect the program to the Internet and access it from the local host or from the assigned port PinP comes with a number of tutorials to help you get started with the program. Add and manage more slides The presentation editor allows you to add any slide type, from the built-in collection, the cloud or your own images or animations. The built-in templates include 8 standard slides, 4 maps, 4 mind maps, 4 text slides, 4 pictures, 6 bar charts, 4 bullet lists, 3 charts, 2 bulleted lists, 1 diagram, 1 link list, 1 form, 1 picture gallery, 1 table, 1 text box and 1 video. The templates can be customized to your needs. The slides can be copied, rearranged and inserted in any order, and you may add different slide formats. PinP also allows you to save presentations in PDF or SVG. The editor allows you to: Add and manage new slides Assign a shortcut key to a new slide Assign a title and subtitle to a slide Add comments to a slide Create an index, which includes a slide that comes with each comment Add new slide types, including icons Insert the local file path in the slide body PINP Description: PinP is a cloud-based presentation editor that features a presentation viewer, editor and Internet browser. It includes a local HTML5 viewer with built-in editor and Internet browser, and you can view presentations online or download them. PinP allows you to: View presentations online or download them Present slides online or edit them Insert text, images and animations Upload presentations to the cloud or download them Connect the program to the Internet and access it from the local host or from the assigned port Add and manage more slides The presentation editor allows you to add any slide type, from the built-in collection, the cloud or your own images or animations. The built-in templates include 8

## What's New In PINP?

4. Video Joiner Pro ★★★★★ 3/5 Download size: 21.4 MB What is new in version 2017.10.14: The fullscreen control is now available. You can change the size of the video, audio track and subtitles. The improved interface makes it easier to get started with the application. Video Joiner Pro is an advanced video editing and sharing application for Windows. It supports the following video formats: MPEG-1, MPEG-2, MPEG-4 AVC, MP3, WAV, OGG, AAC, M4A, WMA, DVR-MS, M4V, DAT, VOB, Xvid, MOV, AVI, DivX, WMV and MP4. Video Joiner Pro allows you to join videos into a single file and merge two or more videos into a single video. You can trim and crop the video clips. Moreover, it includes an audio editor, which allows you to enhance and adjust the audio track. It also supports a wide variety of audio formats, including: MP3, WMA, AAC, OGG, AC-3, WAV, FLAC, M4A, M4B, M4R, M4P, TTA, RA, RAM, REM, RM, TTA, S3M, S3Z, SMP and MDTM. The application allows you to export the resulting video to a number of formats, including: MOV, AVI, WMV, MPEG, MP4, MP3, WAV, OGG, AAC, MP2, FLAC, AC-3, M4A, M4B and TTA. Video Joiner Pro allows you to share the resulting video file to a number of locations, including: Facebook, YouTube, SoundCloud, Vimeo, Dailymotion, Youku, VK, Spotify and Flickr. The application offers a number of tools that will help you trim video clips and crop them, adjust the volume, remove unwanted audio clips, reduce background noise and correct video and audio distortions. Video Joiner Pro supports a number of sources, including: SD, HD and 3D videos. It also allows you to perform the following actions: join multiple files, convert video and audio files, trim clips and add special effects. The program includes a video editor that allows you to adjust the size of the video, audio track and subtitles. Moreover, it includes a video converter that allows you to change the video format. NOTE: Video Joiner Pro supports video recording via screen capture and recording audio via webcam, microphone and direct audio. Video Joiner Pro is an advanced and easy-to-use program for editing and sharing videos. The user interface is visually pleasant. Video Joiner Pro does not require a lot of space. It supports popular file formats. The

**System Requirements:**
